

Our new adventure playground

Our new adventure playground was completed on 1st December 2014. There was a lucky draw for the first children to be play on the equipment. Number 27 on the register in each class were the lucky ones along with their chosen friends. We had lots of fun playing and have even come up with names for the different parts.

We have all tried out the different sections and have our favourites. Break times are even better now at St. Mary's CE Primary School.

Here are our names for the different sections

Stand on the wiggly worm

Milk the cow

Ride the horse

Climb across the caterpillar

Get eaten by the dinosaur
